## Custom China Ordering Information

### **Custom Dinnerware**

Enhance your table with custom dinnerware from Dallas China. Our fine china can be decorated with your family crest, company or organization logo, military insignia, or your own special design.

### **Shapes and Colors Available**

Choose from either white or ivory glazed porcelain in 5, 6, or 7-piece place settings. We have a complete line of service pieces and accessories available as open stock.

Your design can be composed of one or more colors. You can use graphics as well as text in the design to decorate the rims. Your design will be scaled to fit the items that you choose. The price for your custom dinnerware will vary based on the size of your order as well as the complexity of your design and the number of colors used.

### **Placing Your Order With Us**

To get started you will first need to look over our "Available Items" list to select the pieces that you want to include in your set. Please review the "Information We Need" list and then fill out the "Custom China Quote Request" form attached. Be sure to keep a copy of the quote request form for your records.

Please give us a call if you have any questions regarding the design or production of your custom dinnerware.

### **Information We Need**

1. The quantity and type of place settings (5, 6, or 7 pc. settings) as well as the quantity of accessory item you will need.
2. A copy of the artwork (logo, crest, seal, emblem, insignia) that you want to use on your custom china. A high resolution digital file will be needed to start the production. If you do not have this file, our art department can create this file for you.
3. You will need to select the color of porcelain to be used in your custom china set. Please select either white or ivory glazed dinnerware.
4. Please provide any other information or questions you might have regarding your new custom china.

### **Production Process:**

When we receive your Custom China Quote Request our production staff will review your order for details. We may try to contact you if we have any questions. Once we have confirmed the basic design elements we will create a digital mockup of your custom dinnerware as well as a quote for the items you have selected.

As soon as we receive your approval of the quote, along with your signature approval on the mockup and your payment we will start production on your custom china.

### **Production Schedule:**

- 2 - 3 weeks for quote and design approval.
- 2 - 4 weeks for design production
- 2 - 4 weeks for production and firing of china
- 5 - 10 days for delivery of your china by ground

*Note: The production schedule is an estimate only.*
